music is an immediate and transient art which
relies upon performance for its transformation
from notational symbols into the sonatas we hear

a work which can illuminate different melodic
harmonic and formal relationships a beethoven
enigma explores the process of performance
analysis which reveals a work in its ever changing
form and discusses three recorded performances of

one of the more enigmatic works of the piano repertoire beethoven's sonata in c minor opus 111 the contrasting interpretative insights of brendel michelangeli and ashkenazy clarify many formal ambiguities offer solutions to pianistic difficulties and illustrate how this method for critical listening may serve as a model for the study of other works as they reveal themselves in performance
