Scratch One Flattop

2019-06-01

by the beginning of may 1942 five months after the pearl harbor
attack the us navy was ready to challenge the japanese moves in the
south pacific when the japanese sent troops to new guinea and the
solomon islands the americans sent the carriers lexington and
yorktown to counter the move setting the stage for the battle of the
coral sea in scratch one flattop the first carrier air campaign and the
battle of the coral sea historian robert c stern analyzes the battle of the
coral sea the first major fleet engagement where the warships were
never in sight of each other unlike the battle of midway the battle of
the coral sea has received remarkably little study stern covers not
only the action of the ships and their air groups but also describes the
impact of this pivotal engagement his analysis looks at the short term
impact as well as the long term implications including the installation
of inert gas fuel system purging on all american aircraft carriers and
the push to integrate sensor systems with fighter direction to better
protect against enemy aircraft the essential text on the first carrier air
campaign scratch one flattop is a landmark study on an overlooked
battle in the first months of the united states engagement in world

war ii

Nothing Less Than Victory

2010-11-30

the normandy landings the largest amphibious operation the world has ever seen marked the beginning of the end of the second world war russell miller s superb book offers a definitive account of being alive in 1944 being young and being at war letter diaries memos and dozen of interviews with veterans from all sides recreate the deception plans and dry runs the desperate german wait behind the atlantic wall the disagreement between allies the ghastly ordeal of omaha beach resistance sabotage operations and the first day of battle throughout russell miller has enticed from his old soldiers not only astonishingly vivid memories with flashes of heroism and humour these are the true voices of d day

Modern Records, Maverick Methods

2018-12-27

from the fairlight cmi through midi to the digital audio workstations at the turn of the millennium modern records maverick methods examines a critical period in commercial popular music record production the transformative digital age from the late 1970s until 2000 drawing on a discography of more than 300 recordings across pop rock hip hop dance and alternative musics from artists such as the beastie boys madonna u2 and fatboy slim and extensive and exclusive ethnographic work with many world renowned recordists modern

records presents a fresh and insightful new perspective on one of the most significant eras in commercial music record production the book traces the development of significant music technologies through the 1980s and 1990s revealing how changing attitudes and innovative techniques of recording personnel reimaged recording processes and finally exemplifies the impact of these technologies and techniques via six comprehensive tech processual analyses this meticulously researched and timely book reveals the complexity of recordists responses to a technological landscape in flux

Sisterhood: Eleanor's Story

2023-12-11

the sisterhood series is about four women who grew up together ironically they resemble each other very much same color hair and eyes and yet all four come from completely different parents they went to the same school together and they know more about each other than their families know in middle school they took an oath to stand by each other and formed their sisterhood as adults they have become very strong together and they watch each other s backs growing up they discovered certain skills that each of them possessed and over the years those skills got stronger it was amazing what they accomplished without anyone knowing about it when they touch hands together in their gathering circle a powerful electrical charge runs between them their little hometown was safe with them in charge even if the citizens had no idea what was going on behind closed doors the first four books in the series present to the reader one of the sisters she usually has an issue that needs to be dealt with and

the sisters form a gathering and take care of the business certain twists and turns happen throughout the story of that sister and the fifth book will provide the answers to questions left to be answered within each book reading about all four of the sisters will help you digest and find the answers you will be seeking in book 5 entitled sisterhood the answers to be released in 2024

The Picture Book

2011-09-01

set against the rolling backdrop of a century of british history from wwi to the war on terror this is an intimate family portrait captured in snapshots first there is william the factory lad who loses his life in gallipoli then his son billy a champion cyclist who survives the d day landings on a military bicycle followed by his crippled son will who becomes an oxford academic in the 1960s and finally his daughter billie an artist in contemporary london just as the names william billy will billie echo down through the family so too the legacy of choices made chances lost and secrets kept rich in drama and sensuous in detail the picture book is a beautifully crafted story about parents and children about fate and repetition and about the possibility of breaking free

1994

from the deadly shores of north africa to the invasion of sicily to the fierce jungle hell of the pacific the contribution of the world war ii ranger battalions far outweighed their numbers they were ordinary men on an extraordinary mission experiencing the full measure of the fear exhaustion and heroism of combat in nearly every major invasion of the war whether spearheading a landing force or scouting deep behind enemy lines these highly motivated highly trained volunteers led the way for other soldiers they were rangers with first person

interviews in depth research and a complete appendix naming every ranger known to have served author robert black a ranger himself has made the battles of wwii come to life through the struggles of the men who fought to win the greatest war the world has ever seen

Rangers in World War II

2010-11-17

the normandy landings of 6 june 1944 across five sectors of the french coast utah omaha gold junco and sword constituted the largest amphibious invasion in history this study analyses in depth the preparations and implementation of the d day landing on gold beach by xxx corps historians have tended to dismiss the landing on gold beach as straightforward but the evidence points to a different reality armour supported the infantry landing and prior bombing was intended to weaken german defences however the bulk of the bombing landed too far inland and many craft foundered in difficult conditions at sea it was the tenacity of the assault units and the flexibility of the follow up units which enabled the gold landing to secure the right flank of the british army in normandy using detailed primary evidence from the national archives and the imperial war museum this volume provides a substantial assessment of the background to the landing on gold and analyses the events of d day in the wider context of the normandy campaign

The D-Day Landing on Gold Beach

2015-09-24

during the second world war gibraltar faced the threat of invasion by italy germany and spain the abwehr the german intelligence service rather than use their own saboteurs paid young spanish men to undertake over sixty sabotage attacks on military installations and shipping with limited success the italian decima flotilla has a specialist team of underwater frogmen launched eight attacks which were relatively successful and spanish falangists made several unsuccessful attempts the british secret intelligence service endeavoured to stop or at least limit such attacks using contemporary files from the national archives in kew autobiographies biographies histories and newspaper articles this documentary history investigates the successes and failures of these attacks on gibraltar and the roles played by intelligence officers agents double agents in discovering and preventing such acts the book sheds light on an unusual and largely overlooked aspect of gibraltar s history

The Point of Gravity

1988

co winner of the 2014 2015 charles p stacey award tim cook canada s leading war historian ventures deep into world war two in this epic two volume story of heroism and horror of loss and longing sacrifice and endurance written in cook s compelling narrative style this book shows in impressive detail how soldiers airmen and sailors fought the evolving tactics weapons of war logistics and technology it gauges canadian effectiveness against the skilled enemy whom they confronted in battlefields from 1939 to 1943 from the sweltering heat of sicily to the frigid north atlantic and from the urban warfare of

ortona to the dark skies over germany the necessary war examines the equally important factors of morale discipline and fortitude of the canadian citizen soldiers the war was an engine of transformation for canada with a population of fewer than twelve million canada embraced its role as an arsenal of democracy exporting war supplies feeding its allies and raising a million strong armed forces that served and fought in nearly every theatre of war the nation was mobilized like never before in the fight to preserve the liberal democratic order the six year long exertion caused disruption provoked nationwide industrialization ushered in changes to gender roles exacerbated the tension between english and french and forged a new sense of canadian identity canadians were willing to bear almost any burden and to pay the ultimate price in the pursuit of victory as with his award winning two volume series on wwi tim cook uses original sources letters from soldiers rare documents and maps of battlefields to illustrate the contributions and sacrifices made by what is often called the greatest generation magisterial in its scope the necessary war illuminates canada s past as never before from the western front to the home front canadians served many roles in a war that had to be fought and won

Marines

1994

a vividly told history of torpedo attacks from the air in the second world war by a member of the royal air force the sunday times low level strikes against enemy shipping by torpedo carrying aircraft were perhaps the most dangerous forms of air attack developed

during wwii and few isolated actions had such a direct impact on naval and military actions this book tells the story of the raf men involved from the early attacks by single beauforts off the dutch and norwegian coasts to the massed assaults of later years by the famous strike wings the author who joined the raf in 1940 as a wireless operator air gunner and served in the uk the middle east and west africa and whose career on torpedo work ended in a crash in which his pilot and navigator were killed includes many historic actions the lone moonlight attack by a twenty two year old flight sergeant on the pocket battleship lützow the torpedoing of the gneisenau in brest harbor the channel dash of the scharnhorst gneisenau and prinz eugen and the heroic swordfish attacks and the vital strikes from malta in 1942 against the italian fleet and the supply shipping of the afrika korps the result is a fascinating book vivid in its true picture of aircrew life stirring in its descriptions of heroic actions intensely moving in its record of human endeavor

most travelers leave home monday morning for a work week in the
chicago office saying love yah see you friday the hero in rules for the
road is a quantum leap from that lucky character last friday afternoon
he kissed his wife passionately and said love you hope to see you
before next month arrives you don t fly home on friday afternoons
when you find yourself halfway around the world we join our hero
on a train in china headed for nanjing where he and his team are
about to begin another round of negotiations with a chinese company
to enter into a joint venture the meetings however quickly take a
back seat to the culture of the people their mannerisms food drink and
the winsome ways of their women with a personal agenda when the
trip gets extended by an extra week and a half his life and the
temptations of the flesh become almost intolerable our loving husband
finds himself swept up in dangerous events that he has neither
contemplated nor imagined in other words the magnetism of his
personality has a precarious impact on the women he meets this
