Blue Book 1919 this book identifies a major turn in contemporary british literature in response to environmental crisis it argues that the pastoral is emerging as a new critical framework in which to explore the understanding of people and place in this context the new pastoral in contemporary british writing explores how the pastoral tradition has transformed as authors respond to our changing relationships with place in this period analysing the features common to new pastoral writing it brings together a corpus of works from major authors including ali smith jim crace john burnside kathleen jamie and robert macfarlane this book argues that crises such as pollution and climate change have shifted our understandings of the key relationships of pastoral and the terms upon which they are based giving new senses to its older oppositions between the human and the natural the urban and the rural and the past and the present furthermore it shows that the versions of pastoral that ensue align with current ecocritical arguments produced by thinking through the individual cultural and ecological implications of environmental crisis as a result pastoral emerges as the crucial strategy in the re imagining of the environment underway in contemporary british writing the resurgence of interest in nature writing the increasing attention towards place in literary fiction and the development of ecological or climate fiction this book will be of great interest to students and scholars of english as well as those concerned with the interdisciplinary topics of the environmental humanities including literary geographies new nature writing cultures of climate change and the anthropocene and ecologically oriented theory

The New Pastoral in Contemporary British Writing 2019-10-10 an award winning food writer takes us on a global tour of what the world eats and shows us how we can change it for the better food is one of life s great joys so why has eating become such a source of anxiety and confusion bee wilson shows that in two generations the world has undergone a massive shift from traditional limited diets to more globalized ways of eating from bubble tea to quinoa from soylent to meal kits paradoxically our diets are getting healthier and less healthy at the same time for some there has never been a happier food era than today a time of unusual herbs farmers markets and internet recipe swaps yet modern food also kills diabetes and heart disease are on the rise everywhere on earth this is a book about the good the terrible and the avocado toast a riveting exploration of the hidden forces behind what we eat the way we eat now explains how this food revolution has transformed our bodies our social lives and the world we live in

The Way We Eat Now 2019-05-07 announcements for the following year included in some vols

University of Michigan Official Publication 1949

Catalogue of the University of Michigan 1949 in this volume an attempt is made to tackle hellenism as a global and transcultural entity through an array of essays this book constitutes a comparative study of various literary cultural and artistic trends as these develop throughout the course of the eighteenth nineteenth and twentieth centuries on both sides of the atlantic having been designed with the general as well as the specialized reader in mind this book will prove to be a valuable guide to scholars undergraduate and postgraduate students as well as to a broad spectrum of readers with an interest in comparative literature cultural history history of the classical heritage transatlantic studies english and american romantic modernist and postmodernist narratives its diverse material falls under the umbrella terms of english hellenisms and american hellenisms with the intention of enhancing intercultural dialogue and understanding by embracing multivocality as proven by the number of articles it contains this book proves the tenacity diachronic and intercontinental appeal of hellenism at the era of multiculturalism and globalization

2018-12-15 analyses media representations of riots strikes and protests

Kathleen Jamie 2018-11-30

General Register 1949 islands have long been the subject of cultural fascination but in recent decades they have exerted an increasingly powerful centrifugal force sending writers to the outer edges of the british irish archipelago in search of inspiration and insight drawing on contemporary ecocritical approaches island studies and emergent archipelagic perspectives ecocriticism and the island explores a wide selection of island themed creative non fiction through a combination of textual analysis and where possible original interviews and archival research pippa marland offers new insights into the work of tim robinson brenda chamberlain christine evans w g sebald stephen watts amy liptrot kathleen jamie adam nicolson robert macfarlane and david gange in assessing the ways in which these authors negotiate existing cultural tropes of the island while offering their own distinctive articulations of islandness this book represents an important intervention into island literary studies at the same time it contributes to the development of an archipelagic strand of ecocriticism one that offers a valuable perspective on human environmental relationships in an anthropocene context

2011-06 victorian literature s fascination with the past its examination of social injustice and its struggle to deal with the dichotomy between scientific discoveries and

religious faith continue to fascinate scholars and contemporary readers during the past hundred years traditional formalist and humanist criticism has been augmented by new critical approaches including feminism and gender studies psychological criticism cultural studies and others in twenty first century perspectives on victorian literature twelve scholars offer new assessments of victorian poetry novels and nonfiction their essays examine several major authors and works and introduce discussions of many others that have received less scholarly attention in the past general reviews of the current status of victorian literature in the academic world are followed by essays on such writers as charles dickens alfred tennyson thomas hardy and the brontë sisters these are balanced by essays that focus on writing by women the development of the social problem novel and the continuity of victorian writers with their romantic forebears most importantly the contributors to this volume approach victorian literature from a decidedly contemporary scholarly angle and write for a wide audience of specialists and non specialists alike their essays offer readers an idea of how critical commentary in recent years has influenced and in some cases changed radically our understanding of and approach to literary study in general and the victorian period in particular hence scholars teachers and students will find the volume a useful survey of contemporary commentary not just on victorian literature but also on the period as a whole

Carnation Yearbook 1986 this volume showcases new research on popular academic topics in ghana its wide range of focus across disciplines includes topics such as pidgin performing apologies and politeness music the argument for adopting geographical indications gi policies for ghana s unique agricultural products and the poetics of names among many others it will appeal particularly to students pursuing degrees in africana and ghanaian studies

Ecocriticism and the Island 2022-12-19 applying ecocritical theory to the work of victorian writers this collection explores what a diversity of ecocritical approaches can offer students and scholars of victorian literature at the same time that it critiques the general effectiveness of ecocritical theory interdisciplinary in their approach the essays take up questions related to the nonhuman botany landscape evolutionary science and religion the contributors cast a wide net in terms of genre analyzing novels poetry periodical works botanical literature life writing and essays focusing on a wide range of canonical and noncanonical writers including charles dickens the brontes john ruskin christina rossetti jane webb loudon anna sewell and richard jefferies victorian writers and the environment demonstrates the ways in which nineteenth century authors engaged not only with humans interaction with the environment during the victorian period but also how some authors anticipated more recent attitudes toward the environment

Twenty-First Century Perspectives on Victorian Literature 2014-03-06 includes part 1 number 2 books and pamphlets including serials and contributions to periodicals july december

New Scholarship on Ghanaian Literatures, Languages and Cultures 2024-03-18 this book is available as open access through the bloomsbury open access programme and is available on bloomsburycollections.com in the last decade there has been a proliferation of landscape writing in britain and ireland often referred to as the new nature writing rooted in the work of an older generation of environment focused authors and activists this new form is both stylistically innovative and mindful of ecology and conservation practice the new nature writing rethinking the literature of place connects these two generations to show that the contemporary energy around the cultures of landscape and place is the outcome of a long standing relationship between environmentalism and the arts drawing on original interviews with authors archival research and scholarly work in the fields of literary geographies ecocriticism and archipelagic criticism the book covers the work of such writers as robert macfarlane richard mabey tim robinson and alice oswald examining the ways in which these authors have engaged with a wide range of different environments from the edgelands to island spaces jos smith reveals how they recreate a resourceful and dynamic sense of localism in rebellion against the homogenising growth of clone town britain

The Aeroplane 1939 china s strong economic growth occurring alongside modernization across the great majority of asian societies has created what many see as a transnational space through and by which not only economic social and cultural resources but also threats and crises flow over traditional political boundaries the first section of the work lays out a clear conceptual framework it draws on arguments about nation no longer being the only container of society about trans disciplinary thinking and about knowledge being context bound it identifies and discusses distinctive features of china and asia in the global era these include population urbanization and climate change the continuing reach of orientalist shadows cultural politics of knowledge it closes by arguing how global studies adds value to existing accounts the second and longer section applies this framework through a series of original empirical case studies in three areas migration poverty gender culture education well being both the conceptual framework and case studies are drawn from research presented at hkbu since 2011 under the auspices of the global social sciences conference series and supplemented by additional papers

Victorian Writers and the Environment 2016-12-08 this book offers essays on both canonical and non canonical german language texts and films advancing ecocritical models for german studies and introducing environmental issues in german literature and film to a broader audience this volume contextualizes the broad ranging topics and authors in terms of the anthropocene beginning with goethe and the romantics and extending into twenty first century literature and film addressing the growing need for environmental awareness in an international humanities curriculum this book complements ecocritical analyses emerging from north american and british studies with a specifically german studies

perspective opening the door to a transnational understanding of how the environment plays an integral role in cultural political and economic issues

Calendar 1946 the horrifying terrorist attacks on september 11 2001 and the anthrax strikes that soon followed gave the united states new reason to fear unconventional enemies and atypical weapons these fears have prompted extensive research study and planning within the u s military intelligence and policy communities regarding potential attacks involving biological weapons in phantom menace or looming danger kathleen m vogel argues for a major shift in how analysts assess bioweapons threats she calls for an increased focus on the social and political context in which technological threats are developed vogel uses case studies to illustrate her theory soviet anthrax weapons development the iraqi mobile bioweapons labs and two synthetic genomic experiments she concludes with recommendations for analysts and policymakers to integrate sociopolitical analysis with data analysis thereby making u s bioweapon assessments more accurate students of security policy will find her innovative framework appealing her writing style accessible and the many illustrations helpful these features also make phantom menace or looming danger a must read for government policymakers and intelligence experts lynn eden center for international security and cooperation freeman spogli institute for international studies stanford university

Catalog of Copyright Entries. Third Series 1965 the last three decades have seen unprecedented flourishing of creativity across the scottish literary landscape so that contemporary scottish poetry constitutes an internationally renowned award winning body of work at the heart of this has been the work of poets as this poetry makes space for its own innovative concerns it renegotiates the poetic inheritance of preceding generations at the same time scottish poetry continues to be animated by writing from other places the edinburgh companion to contemporary scottish poetry is the definitive guide to this flourishing poetic scene its chapters examine scottish poetry in all three of the nation s languages it analyses many thematic preoccupations tradition and innovation revolutions in gender the importance of place the aesthetic politics of devolution these chapters are complemented by extended close readings of the work of key poets that have defined this era including edwin morgan kathleen jamie don paterson aonghas macneacail and john burnside
