

Free ebook The legion eagle 10 simon scarrow (2023)

if you don't know simon scarrow you don't know rome the legion is the action packed tenth novel in simon scarrow's bestselling eagles of the empire series perfect for fans of bernard cornwell and conn igguldin scarrow's novels rank with the best independent egypt ad 49 cato one of the youngest prefects of the roman army and centurion macro have a tough posting to track down and destroy a gang of former gladiators who have turned to piracy driven by vengeance these hardened brutes have been defiling temples sinking roman ships and slaughtering men women and children what's worse is that they are doing it all under the name of macro and cato in an attempt to stir up a rebellion against the occupying forces and it's working if macro and cato don't stop the pirates in time it could be the beginning of the end for the roman empire gaius marius 157-86 bc was one of the most innovative and influential commanders of antiquity with marius in command of its legions rome prevailed on the battlefields of north africa and defeated a two pronged invasion of the italian peninsula by 300 000 migrating germanic tribesmen the reason for this success was a series of five ground breaking reforms through which marius dramatically altered the demographics recruitment training and operation of the roman army in effect marius reforms changed the roman military from a service of short term militia into a professional standing army this allowed rome to use the military as an effective tool for military expansion and internal security and laid the foundations for the role of the roman army for centuries to come many of these reforms however came at a cost to the stability of the state this book charts the military implications of marius reforms what they were why they were made how they were made and how they altered the functionality of the roman military documented with great care and affection this book is filled with revelations about the intermingling of peoples styles of music business interests night life pleasures and the strange ways lived experience shaped black music as america's music in california charles keil co author of music grooves following the release of ridley scott's gladiator in 2000 the ancient world epic has experienced a revival in studio and audience interest building on existing scholarship on the cold war epics of the 1950s 60s including ben hur spartacus and the robe this original study explores the current cycle of ancient world epics in cinema within the social and political climate created by september 11th 2001 examining films produced against the backdrop of the war on terror and subsequent invasions of iraq and afghanistan this book assesses the relationship between mainstream cinema and american society through depictions of the ancient world conflict and faith davies explores how these films evoke depictions of the second world war the vietnam war and the western in portraying warfare in the ancient world as well as discussing the influence of genre hybridisation narration and reception theory he questions the extent to which ancient world epics utilise allegory analogy and allusion to parallel past and present in an industry often dictated by market forces featuring analysis of alexander troy 300 centurion the eagle the passion of the christ and more this book offers new insight on the continued evolution of the ancient world epic in cinema the epic story of one of the most famous love affairs in history by the bestselling author of caesar the monumental love affair between antony and cleopatra has been depicted in countless novels plays and films as one of the three men in control of the roman empire antony was perhaps the most powerful man of his day and cleopatra who had already been julius caesar's lover was the beautiful queen of egypt rome's most important province the clash of cultures the power politics and the personal passion have proven irresistible to storytellers but in the course of this storytelling dozens of myths have grown up the popular image of cleopatra in ancient egyptian costume is a fallacy she was actually greek despite her local dominance in egypt her real power came from her ability to forge strong personal allegiances with the most important men in rome likewise mark antony was not the bluff soldier of legend brought low by his love for an exotic woman he was first and foremost a politician and never allowed cleopatra to dictate policy to him in this history based exclusively on ancient sources and archaeological evidence adrian goldsworthy gives us the facts behind this famous couple and dispels many myths excellent tom holland refreshingly frank mary beard this text provides unadapted latin passages from the commentarii de bello gallico book 1 1 7 book 4 24 35 and the first sentence of chapter 36 book 5 24 48 book 6 13 20 and the english of books 1 6 and 7 it includes all the required english and latin selections from caesar's de bello gallico for the 2012 2013 ap curriculum published by the boy scouts of america for all bsa registered adult volunteers and professionals scouting magazine offers editorial content that is a mixture of information instruction and inspiration designed to strengthen readers abilities to better perform their leadership roles in scouting and also to assist them as parents in strengthening families contains 16 contributions representing work drawn from a multi year seminar conducted through the canadian society of biblical studies north american and european contributors primarily associated with religiously affiliated universities address literary inscriptional and archaeological evidence on pagans samaritans jews and christians including how each group interacted with the religious other as well as studies exploring the caesarea centurion cornelius and roman army religion pagan jewish revelries in caesarea and alexandria and other topics roman unit standards played an important role both ceremonially and on the battlefield with the armies of the late roman republic and early empire continually engaged on the frontiers the soldiers selected for the dangerous honour of carrying them were figures of particular renown and splendour standard bearers wore special armour with the heads and pelts of animals such as bears wolves or even lions draped over their helmets and shoulders the standards themselves varied greatly from the legion's eagle and imperial portrait image to various cohort signa flags vexilla and even dragon windsocks dracones copied from barbarian enemies and allies this first volume of a two part series by roman army expert rafaele d'amato uses detailed colour plates and the latest research to examine these vital cogs in the roman army machine that drove its soldiers to conquer the known world due to its partitions and dissolution in the late eighteenth century hundreds of thousands of polish soldiers enlisted in distinct units in the armies of many countries primarily those of the russian and austro hungarian empires but also that of the german reich and the french republic all these forces were uniformed and equipped by the parent armies though often with explicitly polish

features the collapse of tsarist russia in 1917 and of the central powers in 1918 allowed these diverse forces to unite in a re created polish army under the new born second polish republic in november 1918 with full colour illustrations of their unique and colourful uniforms as well as contemporary photographs this is the fascinating story of the poles who fought on both sides of the trenches in world war i and then united to fight for their freedom in the russian civil war this ancient roman military history examines the famous gallic wars in which julius caesar extended roman rule across much of europe in 46 bc julius caesar celebrated two historic victories the conquest of gaul and the defeat of his rival in the roman civil war this sweeping history details the decades of military conflict that led to this culminating celebration historian michael sage begins his narrative with the roman republic s early forays across the alps clashing with the gauls in what is now provence these battles against one of ancient europe s greatest warrior societies resulted in some of rome s heaviest defeats this context makes all the more remarkable the dazzling success of the audacious campaigns just half a century later by which caesar rapidly completed the initial conquest of the rest of gaul the subsequent revolts that occurred culminating in the great unified rising under vercingetorix are also covered in detail with the epic siege of alesia as the dramatic climax michael sage narrates and analyses all these campaigns showing how the roman war machine was ultimately able to overcome vastly superior numbers of celtic warriors to extend rome s rule from the mediterranean to the english channel the making of the roman army explores how a small citizen militia guarding a village on the banks of the tiber evolved into the professional roman army lawrence keppie pays particular attention to the transitional period between republic and empire the time of julius caesar mark antony and augustus keppie overcomes the traditional dichotomy between a historical view of the republic and an archaeological approach to the empire by making the most of the often overlooked archaeological evidence from the earlier years november issue includes abridged index to yearly volume in 1944 45 the waffen ss formed many nominal divisions from a motley range of sources whose battlefield value was as varied as their backgrounds the best were built around existing western european volunteer regiments some raised from central europeans and russians were strong in numbers but weak in morale some were of negligible size scraped together from remnants and trainees and some were sinister anti partisan gangs assembled from the military dregs of the eastern front illustrated with rare photographs from private collections and meticulous colour artwork this final title in our sequence details their organisation uniforms and insignia and summarises their battle records part of the million selling my story series that brings the past into the real world giving it a truly human touch it s ad 84 when bran a prince of the carvetii tribe is captured by the romans a legion of soldiers is marching east to build a military road it s hostile country and bran is to go with them as a hostage to ensure the legion s safety but no one is safe in newly conquered britain during the first and second centuries a d the supremacy of the roman empire was aggressively challenged by three jewish rebellions the facts surrounding the initial uprising of a d 66 74 have been filtered through the biased accounts of judeao roman historian flavius josephus primary information regarding the subsequent diaspora revolt a d 115 117 and the bar kochba rebellion a d 132 135 is limited to fragmentary anecdotes emphasizing the religious implications of the two insurrections in contrast this analytical history focuses objectively on the military aspects of all three judean uprisings the events leading up to each rebellion are detailed while the nine appendices cover such topics as the nature and number of the jewish rebels and the factual reliability of the controversial josephus one appendix hypothesizes an alternative history of the war between jerusalem and rome until the publication of this captivating biography no such volume on trajan s life has been tailored to the general reader the unique book illuminates a neglected period of ancient roman history featuring a comprehensive array of maps illustrations and photographs to help orientate and bring the text to life trajan rose from fairly obscure beginnings to become the emperor of rome he was born in italica an italic settlement close to modern seville in present day spain and is the first roman emperor to be born outside of rome his remarkable rise from officer to general and then to emperor in just over 20 years reveals a shrewd politician who maintained absolute power trajan s success in taking the roman empire to its greatest expanse is highlighted in this gripping biography trajan s military campaigns allowed the roman empire to attain its greatest military political and cultural achievements the book draws on novel theories recent evidence and meticulous research including field visits to italy spain germany and romania to ensure accurate vivid writing that transports the reader to trajan s territory reprint of the original first published in 1873 the first book of the exiles trilogy introduces a magical world of political intrigue and family secrets that may determine the fate of an entire nation a thousand years ago mageborns fled prejudice and persecution to colonize the planet lenfell pristine untouched a perfect refuge for those whose powers were perceived as a threat by people not gifted with magic but the greater the magic the greater the peril and lenfell was soon devastated by a war between rival mageborn factions that polluted land sea and air with wild magic and unleashed the hideous specters known as wraithenbeasts generations after that terrible war with the land recovered from crippling wounds and the people no longer threatened by genetic damage mageborns still practice their craft but under strict constraints yet so long as the rivalry between the mage guardians and the lords of malerris continues the threat of another war is ever present and someone has been planning just such a war for many long years the final strike in a generations old bid for total power featuring an all new scholarship search and test prep cd rom this reference is the ideal resource for students and parents looking for alternatives to fund a college education essays exploring the role religion played in ancient roman warfare including destroying enemies gods wartime ceremonies and live burials religion was integral to the conduct of war in the ancient world and the romans were certainly no exception no campaign was undertaken no battle risked without first making sacrifice to propitiate the appropriate gods such as mars god of war or consulting oracles and omens to divine their plans yet the link between war and religion is an area that has been regularly overlooked by modern scholars examining the conflicts of these times this volume addresses that omission by drawing together the work of experts from across the globe the chapters have been carefully structured by the editors so that this wide array of scholarship combines to give a coherent comprehensive study of the role of religion in the wars of the roman republic aspects considered in depth will include

declarations of war evocation and taking gods away from enemies dedications and ceremonies the cult of the legionary eagle the role of women in republican warfare omens and divination live burials of people in times of military crisis and the rituals of the roman triumph praisereigion classical warfare the roman republic the authors take a novel approach in looking at military history of the roman republic in terms of the relationship between warriors and religion the ancient world was driven to a high degree by religious belief even to the point of commanders relying on seers to advise them on the eve of battle very highly recommended firetrench a work of meticulous and detailed scholarship midwest book review published by the boy scouts of america for all bsa registered adult volunteers and professionals scouting magazine offers editorial content that is a mixture of information instruction and inspiration designed to strengthen readers abilities to better perform their leadership roles in scouting and also to assist them as parents in strengthening families in its 114th year billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends the story of one of history s most decisive and yet little known battles the battle of actium in 31 bc which brought together antony and cleopatra on one side and octavian soon to be emperor augustus on the other and whose outcome determined the future of the roman empire in the summer of 1804 the eagle was chosen as the symbol of the french army by napoleon himself the emperor s sculptor chaudet made the original model and from this were cast bronze copies in the workshop of thomire which would be proudly borne into battle by many a french regiment this fascinating work by terence wise explores in depth the flags colours and guidons of the napoleonic wars concentrating on france and her allies and covering every faction from baden to würzburg this book is a must for anyone interested in this fascinating topic
