curriculum set for third grade issued in two named parts for classroom use in teaching reading contains materials designed to aid students in understanding the stories and lessons in grade 2 of the trophies a harcourt reading language art program at the end of the nineteenth century theodore roosevelt t s van dyke and other elite men began describing their big game hunting as manly sport with the rifle they also began writing about their experiences publishing hundreds of narratives of hunting and adventure in the popular press and creating a new literary genre in the process but why did so many of these big game hunters publish what was writing actually doing for them and what did it do for readers in exploring these questions the hunter elite reveals new connections among hunting narratives publishing and the american conservation movement beginning in the 1880s these prolific hunter writers told readers that big game hunting was a test of self restraint and manly virtues and that it was not about violence they also opposed their sportsmanlike hunting to the slaughtering of game by british imperialists even as they hunted across north america and throughout the british empire their references to americanism and manliness appealed to traditional values but they used very modern publishing technologies to sell their stories and by 1900 they were reaching hundreds of thousands of readers every month when hunter writers took up conservation as a cause they used that reach to rally popular support for the national parks and for legislation that restricted hunting in the us canada and newfoundland the hunter elite is the first book to explore both the international nature of american hunting during this period and the essential contributions of hunting narratives and the publishing industry to the north american conservation movement inquiring into the formation of a literary canon during the restoration and the eighteenth century barbara benedict poses the question do anthologies reflect or shape contemporary literary taste she finds that there was a cultural dialectic at work miscellanies and anthologies transmitted particular tastes while in turn being influenced by the larger culture they helped to create benedict reveals how anthologies of the time often created a consensus of literary and aesthetic values by providing a bridge between the tastes of authors editors printers booksellers and readers making the modern reader the first full treatment of the early modern anthology is in part a history of the london printing trade as well as of the professionalization of criticism benedict thoroughly documents the historical redefinition of the reader once a member of a communal literary culture the reader became private and introspective morally and culturally shaped by choices in reading she argues that eighteenth century collections promised the reader that culture could be acquired through the absorption of literary values this process of cultural education appealed to a middle class seeking to become discriminating consumers of art by addressing this neglected genre benedict contributes a new perspective on the tension between popular and high culture
